# I. CONCEPT

GENESIS features art  
which evolves with  
every transaction

## **New art for new holders**

Discover an innovative way to  
create new art for each  
buyer, making each nft truly  
unique.

## II. ART

## EVOLVING PROCEDURAL ART

GENESIS NFTs evolve with each secondary sale. The buyer's wallet address influences the generation, creating a new unique piece for every transfer. It adds to the rarity and value of the NFT.

# III. EVOLVE

GEN 0 (MINT)

0x122... mints the  
NFT, influencing initial  
looks

GEN 1

0x34a.. buys the NFT,  
adding new lines and  
colors

GEN 2

0x7b2.. buys the NFT,  
adding new lines and  
colors

# IV. SALE

50 ₿ will stay on the contract as a fund and re-invested to grow

At least 50 % of secondary sales will go to the fund

2500 NFT will be mintable at a flat rate of 0.05 ETH  
It will be minted over 3 events

**A.**

**Future drops.**

A percentage of future collection releases profits will be distributed on the fund

**B.**

**Fund investments.**

The fund will be used to buy NFTs or private sales and benefits will be redistributed

**C.**

**Secondary sells.**

The fund will receive at least 50% of secondary sells taxes

**D.**

**Development benefits.**

Other profits from my next projects may be injected in the fund

**V.**

**GROW**

The fund will grow to reward early investors in an exponential matter over time

**1.**

Part of the fund will be re-distributed to all holders. Frequency will be voted by the community

**2.**

Holders can resell their NFT to exit their position. Each generation making it more unique and rare will increase value

**3.**

We're building a buy back system for holders wanting to get rid of their nft

**VI.**  
**PROFIT**

# VII. FOLLOW UP

Social channels will allow holders to get updates on development, as well as voting and take decisions about the fund

**Community &  
transparency**
